

DXC Technology will be conducting end user training on the CT interChange system and I invite you and your team members to attend. Training will be held at the **DXC Technology office in East Hartford, CT.**

This training is offered on a quarterly basis. Please pass this invitation on to those team members who would benefit from this training. Individuals who have been issued an EDSNET ID since the last invitation was sent have been included in this invitation. All are welcome to attend.

**To register for any of these classes**, please go to the link below, enter your contact information and select each class you wish to attend.

I strongly encourage folks who have not attended any of the interChange classes to first take the Overview class. The Overview class instructs users on the navigation of the system, while the system specific classes focus more on the data that is stored and how it is used in the MMIS. **Please note:** The Provider class will begin at 8:30 a.m. The Financial class will be held directly after the Provider class on that same day, Thursday, October 17th.
