Dental Benefit Limitations
Rev. 1.14 03/10/2017

	Film	<p><i>jaw films.</i></p> <p>If the number of films billed will exceed the fee of full mouth series, a full mouth series should be billed.</p> <p>Example: <i>Four periapical films and four bite wings would exceed the fee of a full mouth series. In this case, a full mouth series should be billed.</i></p> <p>When a client has a documented need that warrants more than four periapical radiographs in a one year period, an additional service may be requested through the prior authorization process. The prior authorization request must include a description and/or documentation that will support and justify the additional periapical radiograph procedure.</p> <p>-No HUSKY B Copay</p>
X-Ray-Bitewing	D0270-Single D0272-Two D0274-Four	<p>Effective May 1, 2015, For clients <21 years of age-limited to 1 bitewing procedure allowed per client once per calendar year</p> <p>For clients 21 years of age or older-limited to 1 bitewing procedure allowed per client per 12 month period (any x-rays in addition to bitewings & 3 periapicals require a PA)</p> <p>-No HUSKY B Copay</p>
Sialography	D0310	Effective September 1, 2014, no longer payable through HUSKY
Other TMJ Films	D0321	<p>Effective September 1, 2014, PA required</p> <p>-No Husky B Copay</p>
X-Ray-Panoramic	D0330-Panoramic Radiograph	<p>A panoramic x-ray is a reimbursable procedure that requires prior authorization for all dental specialties and clinics except for oral and maxillofacial surgeons and orthodontists.</p> <p>Note: <i>Under the HUSKY dental plan, either a panoramic x-ray <u>or</u> a full mouth series is covered under the plan 1x per 36 months.</i></p> <p><i>When a client has a <u>documented need that warrants a panoramic radiograph</u>, the service can be requested through the prior authorization process.</i></p>

		-No HUSKY B Copay
Caries Susceptibility Screening	D0425	<p>Prior Authorization is required for the specialties that are allowed to bill for this procedure. When submitting a PA, providers should include a description of the patient’s condition, the reason the screening should be done, and should also note how the results of the screening will influence future treatment. Providers should follow the EPSDT guidelines in the provider manual.</p> <p>-No HUSKY B Copay</p>
Caries Risk Assessment (Primarily for Children)	D0601-Low Risk D0602-Moderate Risk D0603-High Risk	<p>Effective September 1, 2014, payment for D0601 and February 13, 2015 for D0602 and D0603 will be limited to once per 6 months for children under the age of 21 years. Only dental hygienists, who are enrolled as a rendering provider in the CTDHP/HUSKY Health program, practicing in public health settings and who have completed calibration training will be eligible to receive reimbursement. Screenings should take place in locations that are not dental homes. This would normally not include permanent clinics and private dental offices. Children who have a dental home should be receiving periodic dental examinations at their dental home rather than a screening.</p> <p>-No HUSKY B Copay</p>
Dental Prophylaxis “Prophy”	D1120 Pediatric D1110 Adult	<p>For clients <21 years of age-limited to one per client per 6 month period For clients 21 years of age or older-limited to one per client per calendar year</p> <p>Note: Includes cleaning, supra & sub gingival scaling & polishing When a client has a chronic medical condition (examples include but are not limited to uncontrolled diabetes, organ transplant or is taking an anti – seizure medication) that warrants a dental prophylaxis more than one time per six (6) month period for a child up to the age of 21, an additional service may be requested through the established post procedure review process.</p> <p>In the circumstance when an adult (21+) client has received frequency limited services within the current calendar year AND has a chronic medical or dental condition that warrants a dental service more frequently than the defined limitations for each procedure, an additional service may be requested through the established post</p>

Denture labeling for patients in long term care facilities (Fixed prosthetics-bridges are not covered) For clients 21 years of age or older-Denture prosthesis construction is limited to <u>one time per each seven year period.</u> Note: Clients will be required to sign an acceptance form attesting that he or she understands the new replacement policy and that his/her denture prosthesis is acceptable. A supply of the forms will be provided free of charge by the Connecticut Dental Health Partnership. When a client warrants replacement denture prosthesis, more than one time per seven (7) years, the additional denture procedure can be requested through the established prior authorization process. <i>The prior authorization request must include a description that will justify the medical necessity for additional denture construction procedure(s). If the denture prosthesis was stolen or destroyed by a natural disaster or accidental event, then a copy of the original police, fire marshal or other responding official report must be included with the prior authorization request. The prior authorization request must also include a description and/or documentation that will justify the medical necessity for the replacement of the denture; dentures will not be replaced for cosmetic reasons.</i> -HUSKY B Copay 50%
