

3D Digital Study Model Format

Ortho Select 3D Digital Study Model Format added to Orthodontic Prior Authorization Process Accepted via CTDHP Website.

Submitting orthodontic cases via www.ctdhp.com requires the use of digital study models. At this time, we currently accept digital study models produced using emodel© from GeoDigm Corporation and Ortho Select 3D Digital Study Model.

Ortho Select 3d Digital Study Model:

For more information on Ortho Select 3D Digital Study Models please go to www.myorthoselect.com or call toll free 1-866-695-3319.

emodel© from GeoDigm Corporation:

For more information on Emodel please go to www.dentalmodels.com or contact GeoDigm Corporation at 866-436-6335.

The advantage to using our web based prior-authorization process includes:

- Decreased review time of cases.
- Reduced handling of models.
- Eliminates breakage of models in delivery.
- Reduces shipping costs.
- Eliminates storage space requirements.
